OVER 2000 "GHOST WALKERS" THE FIRST TWO YEARS

Combining accomplished story-telling, personal experience, and an inside tour of one of the most haunted places in Ky, the Cynthiana Ghost Walk has been a hit since the first walk.

GHOSTS

- DAVID SHEELY
- LADY OF THE OPERA HOUSE
- CHAPMAN RENAKER
- AND MANY MORE

See for yourself why the Cynthiana Ghost Walk is an event you just have to experience. Enjoyable for all ages, skeptics and believers alike. Includes a 60 minute stroll through downtown Cynthiana (less than ¼ mile) and a 30 minute visit inside the historic and haunted Rohs Opera House (listed as the 3rd most haunted place in Kentucky by WMXL94.5. This is not a haunted house with people in costume trying to scare you. These are real stories about real places.

Some of the stops on your tour include:

ROHS OPERA HOUSE

Built in 1871, this theatre has been placed on several "most haunted" lists and is a popular destination for ghost hunters from all around. A mysterious "Lady in White" has been seen by several over the years. Will you see her next?

SELDON RENAKER INN

Murder...that's how this quaint bed and breakfast has made it on our tour, but that's not all that sets this building apart. Slamming doors, shadows in hallways, and other strange happenings sometimes awaken the inn's guests. Hear for yourself and then decide if you want to book a room!

LOG CABIN

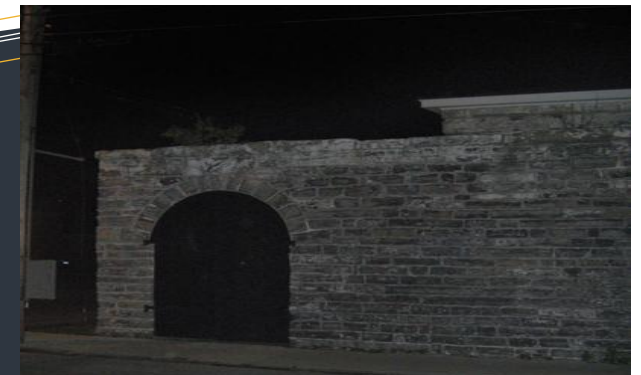

Do the ghosts of James and Elizabeth McPheters still roam the rooms of this building, 200 years later? Or could it be the spirit of a condemned criminal sentenced to hang from days when this building was a courthouse?

THE OLD COUNTY JAIL

Hear one of Harrison County's scariest ghost stories from the inner courtyard of this historic and spooky location. Actually go into the dark, damp cells where many a murderer and criminal spent their days and nights.
